The 3rd Assistant Secretary will be for work under the Secretary in charge of the Political Department and Council work. The following letter No. 355, dated 15th November 1894, from the Deputy Commissioner of the Hassan District:—

I have the honor to state that in the month of February 1889, when I visited Arsikere, I found that a Makân was being built in the south-east corner of Oolli Bhavi, where there are a few tombs, and ordered the Amildar to stop the construction pending disposal of the question after due enquiry.

The Amildar reported that on account of offering fathya, &c., the Musalmans of the station pray that the building may be allowed to be completed for the dwelling of a Fakir therein for the above purpose. He was ordered to have the building removed and shifted to another place pointed out by me, as the situation of a Makân there would hurt seriously the religious feelings of the Hindu community, as it interferes with the annual procession of Sri Venkataramanaswami of Tirupati temple on the banks of this pond very close to the place where the Fakir was attempting to build.

In the year 1892, the Officiating Deputy Commissioner Mr. late Syed Nasirudin Sahib, on the complaint of the Fakir, after personally inspecting the same, ordered that it is not a Masjid but that it is the premises of a Fakir, and that there is no objection to its being built, and permitted the construction of the building assigning some more land to the Fakir to have a wall raised around.

When I visited Arsikere lately, I found that a thatched hut put up, and a fence put around leaving only a pathway of about a yard towards the south-eastern corner of the Oolli Bhavi for men to pass. Besides this, a Fakir is stated to reside there permanently allowing at the same time other Musalman travellers to stop with him, and thus the premises has actually become a halting place of these men.

In conclusion, I beg to state that, in the interests of both the community as well as that of Oolli Bhavi itself, it is not desirable to allow the Makân to stand there any longer, and I, therefore, request you will be good enough to obtain early orders of Government to remove the same from the place in question. No walls are yet put up; the Fakir has no right whatsoever to the place. The Municipal Board has resolved against the existence of the building here. I fear one day or other this will cause a serious breach of the peace. It is, therefore, advisable to nip it in the bud.

Under these circumstances, I solicit my predecessor's permission may be cancelled.

No. 23825-6—G. 6157, DATED, BANGALORE, 18TH JUNE 1895.

ORDER THEREON.—The order of the permanent Deputy Commissioner Mr. Purnaiya passed in February 1889 prohibiting the construction of the Makân near Oolli Bhavi at Arsikere and directing its removal to another place pointed out by him should not have been cancelled by the Officiating Deputy Commissioner Mr. Syed Nasirudin in 1892 without the previous express sanction of the Government.

2. Mr. Syed Nasirudin's order of 1892 is accordingly cancelled and Mr. Purnaiya's order of 1889 restored.

3. For the reasons given in the Deputy Commissioner's letter read above, the Government are pleased to sanction the removal of the Makân to a suitable site with due regard to the convenience of all parties concerned.

Mr. E. P. Oakshott's letters, dated 13th November 1894, and 20th June 1895.

No. 24031-4—M. 7-93, DATED, BANGALORE, 24TH JUNE 1895.

ORDER THEREON.—Mr. C. Sabhapati Iyah, has this day presented a revised Survey plan in lieu of the one received with the letter above quoted. This plan will be forwarded to the Superintendent of Revenue Survey.

2. The Government are unable to grant a mining lease of lands comprised in Blocks B and C, as they are not required for mining purposes. If these lands are required merely for building purposes, they should be acquired by private purchase.

3. Block A is said to be one square mile in area and in respect of this area, the Government will grant a mining lease on the usual terms in accordance with the promise in the Prospecting License granted to Mr. E. P. Oakshott.

4. The Superintendent of Revenue Survey will be requested to demarcate Block A, so as to make its area one square mile. He will also cause the necessary boundary marks to be erected and to submit a statement in the accompanying form, showing particulars of the lands comprised in the Block as demarcated.

5. Mr. Oakshott's Agent should point out to the officer deputed for demarcation the actual boundaries of the block applied for.

6. About 458 acres of Block A are said to be in the Inam village of Amblé and the remainder to make up one square mile in the Government village of Halré, both in the Nanjangud Taluk.

7. Inam and occupied lands within the Block can be entered upon by the proposed Lessee only after acquisition of the same, or with the permission of the owners.

8. Till actual acquisition of these lands by the Lessee no mutation of names will be made in the Revenue Records.

9. The Lessee has leave to enter upon Government unoccupied lands included in Block A, and to carry therein any mining operations pending the formal grant to him of the mining lease, but without any obstruction to existing rights of others as regards way, tanks, streams, &c.

10. The fieldwar measurement and assessment of lands of the Inam village may be deferred till the Lessee acquires the surface rights of the Inamdar. An exact measurement of the total area of the Inam village included in Block A is sufficient for the present purpose. As regards lands of the Government village included in the Block every occupied field should be shown separately with its area, assessment and other particulars. The arable and unarable waste may be shown in one or more convenient blocks. The assessment to be fixed upon the unarable portion is, under Mining Rules, annas 8 per acre.

11. A copy of the plan and statement to be prepared by the Revenue Survey may be sent direct to the Deputy Commissioner who should report on rights of way and other rights to be excluded from the Lease.
